### Product Description

## Snowdog Cargo semi-trailer

Designed for all-year round cargo transportation, equipped with a comfortable soft seat and has a luggage compartment behind it. Back side can be folded away allowing to load the cargo and transport the lengthy items.

Sled can be attached to the trailer with a carbine hook.

It's dimensions are 1625 × 1022 × 970 mm, it's weight (including the seat) is 75 kg.

Tubeless low pressure tires provide good shock absorption, plastic mudguards protect the rider from spray and dirt. Off-road use only.
