Product Description

Sno-Way Flared 26V Series 2 Truck Snow Plow

1/2 Ton Flared Wing V-Plow

To enhance cleaning, Sno-Way invented the patented MaxADJUST™ Leveling System - which is a single adjusting arm blade leveling system. This simply allows the operator to adjust the center hinge for perfect plowing alignment and eliminate a snow trail.

With the Down Pressure® Hydraulic System as standard equipment, this plow will clean better and cut 30% off of your plowing time.

The Sno-Way 26V Series 2 V-Plow handles obstructions with ease utilizing a patented Shock Killer™ Trip Return System which reduces blade return shock to the truck and the driver.
