Product Description

Sno-Way 29HD Series 2 Truck Snow Plow

Commercial Plow Performance

The 29HD Series 2 Plow is built using high-strength steel moldboard and A-frame construction; fast, responsive hydraulics; and optimized blade geometry for exceptional snow-rolling performance.

The 29 inch tall blades are available in 7'6" and 8'0" lengths with custom designed mounting brackets that accept two accessory wing options without destroying blade integrity. The 29HD Series 2 fits a wide range of plow trucks due to extensive use of high strength steels and efficient manufacturing design.

With the optional Down Pressure® Hydraulic System, this plow will clean better and cut 30% of your plowing time. The Down Pressure Hydraulics add over 250 pounds of down-force on the cutting edge which is a first in the industry and scrapes clean forward and maximizes back dragging.

Common Truck Applications: 3/4 Ton: F-250, Ram 2500, 2500 Sierra, 2500 Silverado. 1 Ton: F-350, Ram 3500, 3500 Sierra, 3500 Silverado

Features:

- LED Thermosensitive heated Lights
 - Pro Control 2 Plus (controls plow & lights)
 - Upgraded Hydraulics Package
 - Outboard Mount Stand
 - Complete Fleet 2-Plug Connection System
 - ESS™ — Energy Smart System
-
