Product Description

Sno-Way UTV Spreader 6 cu. ft. Tailgate

The Professional Plowers Go-to Spreader

When you require more salt spreading capacity for larger driveways, access roads or parking lots, look for Sno-Way 6 and 9 - Cu. Ft. Tailgate Spreaders to deliver. These high-capacity receiver-mount tailgate salt spreaders provide durability and spreading precision that are second to none.

The Sno-Way 6 and its big brother Sno-Way 9 - share the same solid features you expect in a Sno-Way spreader: Poly hopper construction, powder-coated steel frame, tapered Class III hitch, form-fitting poly lid, 12V electric motor and a simple belt drive. However, it's the value added features that make these tailgate salt spreaders worth every penny.

Features:

- Enclosed Belt Reduction Drive Under Cover
 - Form Fitting Poly Hopper Lid With Retainer Strap
 - Stainless Steel Hardware
 - Exclusive Chunk Buster™ Salt Breakup System
 - Fully Adjustable Directional Flow Control Paddles
 - High Grade Polyethelene 12" Diameter Spinner
 - Impact Resistant Nylon Rollers
 - Self-Standing Steel Frame
 - Tapered Receiver Hitch (Class III)
 - Military Grade Primer & Powder-Coat Paint Finish
 - UV Resistant Poly Hopper
 - High Exterior Mounted Electric Motor
 - Retainer Strap
-
